36V430T

36" (Diagonal) Stereo Television

Features	Benefits
Broadcast Stereo with 5 Watts Per Channel and Front-Fired Speaker System	Delivers stereo sound from compact cabinet design. Front-fired full-range frequency drivers provide excellent imaging while localizing voices at the screen.
On-Screen Channel Labeling	Provides on-screen channel names for helpful visual information for 6 seconds. Allows user to customize up to 70 channels w/6 characters + 3 numerics.
Rear provides input for a single device, from either a choice of L+R+V or L+R+S Video, or a Component Video input alone. Also front L+R+V.	Offers single rear input with multiple levels of performance to best match DVD player.
Adjustable Color Warmth	User selectable color temperature (Cool, Normal, Warm) personalizes level of color balance. Provides color refinement in varying home settings & lighting conditions.
Digital 3-Line Comb Filter	Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.
Rear audio outputs (L + R) are selectable between fixed or variable output.	Variable audio outputs allow unified volume control into optional home theatre audio systems, including from the remote control.
Energy Star Qualified TV	This product model meets the Energy Star guidelines for energy efficiency. Energy Star and the Energy Star logo are registered US marks.
